How To: Driver App Validation

Step-by-step on how to fix invalid tickets in NewMile

1

Visit the **"Activity"** tab in the NewMile app to check all your tickets by **Valid, Invalid, or Pending**

Click on the invalid tickets to get details

2

Read the message in yellow for the reason ticket is invalid and to see notes from the validation team. Click **"Change the Photo"**

3

Click **"Select Photo"** if you have the correct ticket in your photo album or click **"Take Photo"** to take new photo of the correct ticket.

4

After you **"select or take"** the new photo click done. This will go to our validation team for review.

5

Be sure to check back the next day to see that the load has been validated

Note: Please visit the Activity page every day so you can see all your tickets and the status.
