

# Your always-on Proposal Assistant awaits

Hospitality's **most loved** proposal tool just got an **AI upgrade!**

ProposalPath Assistant is an AI personal proposal builder to support hotel sales professionals.

In just 60 seconds, ProposalPath Assistant can transform virtually anything into a fully branded, interactive and winning proposal.

**1**

## Send an email to ProposalPath Assistant

Treat it like a real assistant—send context in any format: RFPs, booking notes, documents, voice-to-text, PDFs, or screenshots.

**2**

## ProposalPath Assistant gets to work

AI uses the provided data and context to create a polished, interactive, branded proposal—complete with smart placeholders and visuals.

**3**

## Review, approve and send

Get a draft by email—preview with one click, review for accuracy, make quick edits, and send. The heavy lifting is done!

## Let AI automate the busy work

ProposalPath AI eliminates manual tasks, so your team can focus on client relationships and deals. No training required, no integration headaches—just results.

- Streamlined workflow makes the process faster, smarter, and more efficient
- Consistent, higher-quality proposals, in minutes
- Maintains brand consistency across all properties while empowering local teams

## Sell the experience-win the business

Make every proposal a vivid showcase of your property's unique story—helping prospects imagine their event at your hotel, not just compare rates.

- ✓ Increase sales by 65%
- ✓ Close business 33% faster
- ✓ Reduce manual admin by 50%
- ✓ Achieve full ROI within months
- ✓ Respond 80% faster
