

See if your provider is in our network — or find a new one

You can locate a provider through **our provider search tool**, which is updated six days a week. Please keep in mind that the availability of any particular provider cannot be guaranteed.

Steps to locating a doctor

1. [Click here](#) to access the search tool.
2. Enter your ZIP code or city/state and click search. This will allow you to search the entire directory or search for a specific doctor.

The screenshot shows two side-by-side panels. The left panel, titled "Already a member?", has a "Login to Secure Site" button and a "Register Now" button. Below these, it asks "Not registered with Aetna yet?" and provides a "Why Register?" section explaining that members can find coverage information online. It also lists benefits: "Searching as a member is better" and "You Can:" followed by three icons: "Get results for your plan", "View cost estimates", and "Select a primary care doctor". The right panel, titled "Continue as a guest", prompts the user to "Please enter your home location (zip, city, county or state) to access providers specific to your plan benefits." It includes a text input field for "Enter location here" and a "Traveling?" note stating "You can change your location after you select your plan". Below this is a "Look within" section with a slider set to "25 Miles" on a scale from "0 Miles" to "100 Miles". A "Search" button is at the bottom right.

3. Select plan choice — "Open Choice PPO" under the "Aetna Standard Plans" section and click continue to search for doctor.

Why is choosing a plan so important?

- **Pay less** if you use a provider that accepts the plan
- **Find the highest level of coverage** from a provider under the plan
- **Confirm** doctors are accepting the plan

The screenshot shows the "Select a Plan" interface. At the top, there is a search bar with a magnifying glass icon and the text "Enter plan name to narrow list below, e.g. Managed Choice". Below the search bar is a purple button that says "Show all plans (including those not in my area)". Underneath, there is a section titled "Aetna Standard Plans" with a minus sign icon. This section contains three radio button options: "Open Choice® PPO" (which is selected), "Managed Choice® POS", and "HMO". A purple "Continue" button is positioned below the "Open Choice® PPO" option.

4. Search by doctor name or select a category.
