

Hello Zinkerz Students!

If you need to request a Sunday test date, please follow the instructions below:

- If you have not taken the exam on a Sunday, please do the following:
 - Create your College Board student account if you do not already have one at <https://www.collegeboard.org/>
 - Access the [Student Inquiry Form](#)
 - For the first question, choose “Registration”
 - Then a new menu will appear. Choose “Change Sunday/Saturday Status”
 - Fill out the rest of the information in the form and upload your clergy letter.
 - Where it says “PLEASE PROVIDE YOUR STUDENT REGISTRATION NUMBER” you can leave that empty.
 - In the DESCRIPTION OF ISSUE OR REQUEST field, enter the following information: *My name is _____ and I am requesting a Sunday test date for religious purposes.*
 - The Collegeboard will notify in a few days that they have changed you to Sunday testing or follow up with you if they need more information from you.
 - Once you have been approved for Sunday testing, register for your exam.
- You only need to do this process for your first time registering. If you plan on registering for an SAT exam later, you will automatically be given Sunday testing options.
- PLEASE NOTE: The College Board may take up to a week to approve your Sunday request, so do not wait until the last minute to register.

If you need any assistance, please reach out to us directly at zoe@zinkerz.com.
