

# A Good Night's Sleep Awaits

Good sleep is crucial. That's why we created Cubby. It promotes sleep, while providing superior safety + monitoring features. Now you can relax, unwind, and let Cubby take care of the rest.

## Sleep

The canopy, soothing circadian light, and relaxing sounds help your child calm down faster and sleep longer.

## Safety

Padded walls, safety doors, and monitoring system with alerts provide 24/7 security for your loved one.

## Sensory

Cubby creates a comfortable and calming environment that enables self regulation and minimizes meltdowns.

★★★★★ 100+ Five Star Reviews

"We love our Cubby! We recommend it to everyone who needs a safe sleep bed!" Jesse R.

## Covered by Insurance + Medicaid

Insurance typically covers a Cubby when there are safety concerns that could cause injury. Here's how to get started:

- 1 Get Medical Documents
- 2 Partner with a Medical Supplier
- 3 Submit to Insurance
- 4 Get Approved + Enjoy Your Cubby!

Get our Insurance Guide, Letter of Medical Necessity templates, and more.

# How Cubby Helps

- ✓ Sleep Safety Issues**  
Set up alerts for sound, movement, and environmental changes so you can be notified at any time.
- ✓ Wandering + Elopement**  
Safety Zippers on the mesh + fabric doors keep your loved one in their Cubby while you rest.
- ✓ Self Injury + Stimming**  
The enclosed canopy + padded walls prevent injury when your child is stimming or having a meltdown.
- ✓ Entrapment + Burrowing**  
Safety Sheets zip to the canopy walls to guard against entrapment and burrowing.
- ✓ Sensory Processing**  
Cubby's enclosed environment creates a safe space for your kiddo to play, relax, and sleep.
- ✓ Fall Risk**  
Create a safe space with mesh doors for daytime visibility and fabric doors for a nighttime enclosure.

"Cubby is the best safety bed I've worked with! Best of all, insurance will cover it for many patients!" Taylor A. | OTR
