April 13, 2026

Dear valued Owens Corning® Canada Insulation customer:

Due to continued increases of diesel fuel costs and freight rates for our transportation, **effective on all orders placed on or after May 1, 2026, Owens Corning Canada LP ("Owens Corning") is implementing a \$350 per truckload transportation surcharge across all Canadian zones on all Fiberglas® building insulation products.** (pro-rated for less-than-full truck load orders).

We continue to seek proactive internal actions to mitigate the impact of rising transportation costs. We will review these surcharges periodically as industry conditions change.

Thank you for your continued support of Owens Corning products and the opportunity to serve you. Please discuss any specific needs with your Owens Corning area sales manager.

Sincerely,

A handwritten signature in black ink that reads 'Mark Leblanc'. The signature is written in a cursive style with a large, sweeping 'M' and 'L'.

Mark Leblanc
