April 24th, 2026

## Subject: Notice of Vendor Fuel Surcharges – Effective May 4th, 2026

Dear Valued Customer,

We are following up on our previous letter dated April 6, 2026, regarding vendor fuel surcharge announcements.

At Morin Supply, we remain committed to providing reliable delivery service and the level of support our customers have come to expect.

Based on fuel surcharge notices received from our vendors, Morin Supply will be implementing fuel surcharges on select products. The vendor notices previously shared can be found on our Help Center at help.morinsupply.ca.

Effective May 4th, 2026, the following fuel surcharges will apply and will appear as separate line items at the bottom of your invoices:

| **Product Groups** | **Rate** |
|---|---|
| Gypsum Products | |
| - Gypsum Board Products | 10 $/MSF |
| - Ready-Mix & Setting Compounds | 0.35 $/UNIT |
| Insulation Products | |
| - Fiberglass Batt Insulation | 8 $/MSF |
| - Fiberglass Blowing Wool | 0.35 $/BAG |
| Ceiling Products | |
| - Tiles | TBD |
| - Suspension System | TBD |

These adjustments are necessary to help offset increased transportation and logistics costs while allowing us to continue providing reliable service and consistent product availability.

Please note that these surcharges may be modified, revised, or removed at any time based on market conditions.

We appreciate your understanding and continued support. Should you have any questions, please do not hesitate to contact your Morin Supply representative.

On behalf of the Morin Supply team, thank you for your business.

**Yanik Morin**
President
